(2) No measure may be called for a final vote by the County Board until delivery of the pension impact note according to the provisions of this section, except that whenever, because of the complexity of the measure, additional time is required for the preparation of the pension impact note the Chief Financial Officer shall provide each member of the County Board and the President of the County Board with a statement of reasons why the pension impact note cannot be supplied in seven business days, and request an extension of time not to exceed five additional business days within which such pension note is to be furnished. Such extension shall be granted only with the consent of the majority of the members of the County Board and shall not extend beyond the end of the fiscal year in which the request was made. In no event may such extensions be used to unduly delay or hinder the consideration of the measure by the County Board. The County Board shall authorize the drafting of any rules of regulations which shall be subject to County Board approval, to ensure compliance with this section.

JOURNAL OF PROCEEDINGS FOR MARCH 18, 2008

- (3) In connection with the preparation of the pension impact note, all County officials and employees shall upon request cooperate with the Chief Fiscal Officer in providing information.
- (d) *Form and content.*
 - (1) The pension impact note shall be factual in nature, as brief and concise as may be, and shall provide as reliable an estimate, in dollars, as is possible under the circumstances. The fiscal note shall include both the immediate effect, and if determinable or reasonably foreseeable, the long-range effect of the measure.
 - (2) If, after careful investigation it is determined that no dollar estimate is possible, the pension impact note shall contain a statement to that effect, setting forth the reasons why no such estimate can be given. A brief summary or work sheet of computations used in arriving at the fiscal note figures shall be included.
- (e) *Preparation of pension impact note.*
 - (1) No comment or opinion shall be included in the pension impact note with regard to the merits of the measure for which the fiscal note is prepared; however, technical or mechanical defects may be noted.
 - (2) The work sheet shall include, insofar as practicable, a breakdown of the costs upon which the pension impact note is based. The pension impact note shall also include such other information as is required by the rules and regulations which may be promulgated by the County Board with respect to the preparation of such pension impact notes. A copy of the pension impact note shall be delivered to each member of the Board and the President of the County Board, according to the provisions of Subsection (b) of this section.
 - (3) The original of the pension impact note and the work sheet shall be signed by the Chief Financial Officer or such person as the Chief Financial Officer may designate.

(f) *No restrictions on committee testimony.* The fact that a fiscal note is prepared for any measure shall not preclude or restrict the appearance before any committee of the County Board, of any official or authorized employee of any County commission, department, agency or other entity who desires to be heard in support of or in opposition to the measure.

Sec. 2-82. Balanced budget review.

- (a) *Short title.* This section shall be known and may be cited as the Balanced Budget Review Ordinance.
- (b) *Appropriation Ordinance Amendment Defined.* For purposes of this Act, "appropriation ordinance amendment" means any ordinance amendment that proposes (as introduced or as amended as the case may be) to authorize, increase, decrease, or reallocate any general funds appropriation for that same fiscal year. The general funds consist of the Corporate, Public Safety, and Health Fund.

(c) *Responsibility for the Preparation and Filing of Balanced Budget Notes.* A Balanced Budget Note shall be prepared and filed in writing for every appropriation ordinance amendment. A Balanced Budget Note shall also be prepared and filed on any amendment to a appropriation ordinance amendment or any amendment to a proposed ordinance that would cause it to become a appropriation ordinance amendment. The sponsor of an appropriation ordinance amendment shall be responsible for the preparation and filing of the Balanced Budget Note upon the introduction of the proposed ordinance amendment. For any amendment to an appropriation ordinance amendment or an amendment to another bill that would cause it to become an appropriation ordinance amendment, the sponsor of the amendment shall be responsible for the preparation and filing of the Balanced Budget Note when the amendment is adopted. For any supplemental appropriation bill which is amended in Finance committee the sponsor of the bill shall be responsible for preparing and filing the Balanced Budget Note on the amended version of the bill at the time the amendment is introduced.

(d) *Filing and Distribution of Balanced Budget Notes.* Balanced Budget Notes shall be filed with the Secretary of the Board for appropriation ordinance amendments that are under consideration by Board. The Secretary shall apply a time stamp to each Balanced Budget Note it receives indicating the date and time that the Balanced Budget Note was filed. A copy of the Balanced Budget Note, clearly showing the date and time that the Note was filed, shall be immediately provided by the Secretary of the Board, to the Board President and the Chairman of the Finance Committee, the sponsor of the appropriation ordinance amendment, and, if different than the sponsor of the appropriation ordinance amendment, the sponsor of the amendment.

(e) *Form and content.*

- (1) Balanced Budget Notes shall be factual in nature, concise and shall include a brief explanation of the nature of the measure and a reliable estimate of the measure's anticipated effect (in dollars) on the County budget for that fiscal year. The Note shall include both the immediate effect and, if determinable or reasonably foreseeable, the long-range effect of the measure. A brief summary or work sheet of computations used in arriving at figures contained in the Balanced Budget Note shall be included. Each Balanced Budget Note shall include a discussion of the proposed reduction in other appropriations or increases in County revenue that would allow the measure to be adopted without adversely affecting the County budget for that fiscal year.
- (2) If an appropriations amendment ordinance appropriates money from a bond-financed fund or for the purpose of allowing the recipient department to enter into an installment-purchase or lease-purchase agreement having a total principal value in excess of \$250,000 or having a term in excess of five years, the Balanced Budget Note shall also include an estimated annual schedule of any principal and interest payments related to such appropriations.

(f) *No restrictions on committee testimony.* The fact that a balanced budget note is prepared for any measure shall not preclude or restrict the appearance before any committee of the County Board, of any official or authorized employee of any County commission, department, agency or other entity who desires to be heard in support of or in opposition to the measure.

Submitting a Proposed Ordinance sponsored by

ANTHONY J. PERAICA, County Commissioner

PROPOSED ORDINANCE

An Ordinance providing for voter input with regards to any future Cook County tax increases which exceed the rate of inflation or consumer price index (CPI) adjustments.

WHEREAS, The County of Cook is a Home Rule unit and may, under the power granted by Section 6(a) of Article VII of the 1970 Constitution of the State of Illinois, exercise any power and perform any function pertaining to its government and affairs, including, but not limited to, the power to tax and to incur debt; and

WHEREAS, the Cook County Board has recently voted to impose a \$500 million tax increase upon the residents of Cook County; and

WHEREAS, the amount of this tax increase is equal to roughly twice the amount of the actual county deficit; and

WHEREAS, this tax increase will result in Cook County having a sales tax of more than 10%, which will result in many residents fleeing to other counties to make purchases; and

WHEREAS, the decision of whether to increase taxes by such a dramatic amount should be made by the voters of Cook County.

NOW, THEREFORE, BE IT ORDAINED, by the President and Board of Commissioners of the County of Cook, Illinois, as follows:

ARTICLE I. DEFINITIONS

- (a) *Ballot issue* means a non-recall petition or referred measure in an election.
- (b) *County* means any the County of Cook, and includes any and all entities of the County of Cook.
- (c) *Fiscal year spending* means all county expenditures and reserve increases except, as to both, those for refunds made in the current or next fiscal year or those from gifts, federal funds, collections for another government, pension contributions by employees and pension fund earnings, reserve transfers or expenditures, damage awards, or property sales.
- (d) *Inflation* means the percentage change in the United States Bureau of Labor Statistics Consumer Price Index for Cook County, all items, all urban consumers, or its successor index.
- (e) *Local growth* for the county means a net percentage change in actual value of all real property in Cook County from construction of taxable real property improvements, minus destruction of similar improvements, and additions to, minus deletions from, taxable real property.

ARTICLE II. SPENDING LIMITS

(a) The maximum annual percentage change in the county's fiscal year spending equals inflation in the prior calendar year plus annual local growth, adjusted for revenue changes approved by voters.

(b) The maximum annual percentage change in the county's property tax revenue equals inflation in the prior calendar year plus annual local growth, adjusted for property tax revenue changes approved by voters.

(c) If revenue from sources not excluded from fiscal year spending exceeds these limits in dollars for that fiscal year, the excess shall be refunded in the next fiscal year unless voters approve a revenue change as an offset. Initial bases are current fiscal year spending and property tax collected in that year. Qualification or disqualification as an enterprise shall change bases and future year limits. Future creation of bonded debt shall increase, and retiring or refinancing county bonded debt shall lower, fiscal year spending and property tax revenue by the annual debt service so funded. Debt service changes, reductions, refunds, and voter-approved revenue changes are dollar amounts that are exceptions to, and not part of, any county base. Voter-approved revenue changes do not require a tax rate change.

ARTICLE III. EMERGENCY PROVISIONS

(a) Emergency reserves. To use for declared emergencies only, the county shall reserve 3% of its fiscal year spending excluding bonded debt service. Unused reserves apply to the next year's reserve.

(b) Emergency taxes. This subsection grants no new taxing power. Emergency property taxes are prohibited. Emergency taxes shall also meet the following conditions: a 2/3 majority of the members of the county board declares the emergency and imposes the tax by separate recorded roll call votes.

(c) Emergency tax revenue shall be spent only after emergency reserves are depleted, and shall be refunded within 180 days after the emergency ends if not spent on the emergency.

(d) A tax not approved on the next election date 60 days or more after the declaration shall end with that election month.

ARTICLE IV. ELECTION PROVISIONS

(a) Effective immediately upon passage, the county must have voter approval in advance for:

(i) Any new tax, tax rate increase, mill levy above that for the prior year, valuation for assessment ratio increase for a property class, or extension of an expiring tax, or a tax policy change directly causing a net tax revenue gain to the county.

(ii) Except for refinancing county bonded debt at a lower interest rate or adding new employees to existing district pension plans, creation of any multiple-fiscal year direct or indirect county debt or other financial obligation whatsoever without adequate present cash reserves pledged irrevocably and held for payments in all future fiscal years.

(b) Ballot issues shall be decided in a county-wide election. Except for petitions, bonded debt, or charter or constitutional provisions, the county may consolidate ballot issues and voters may approve a delay of up to four years in voting on ballot issues. District actions taken during such a delay shall not extend beyond that period.

(c) At least 30 days before a ballot issue election, the county shall mail at the least cost, a titled notice or set of notices addressed to "All Registered Voters" at each address of one or more active registered electors. Titles shall have this order of preference: "**NOTICE OF ELECTION TO INCREASE TAXES/TO INCREASE DEBT/ON A CITIZEN PETITION/ON A REFERRED MEASURE.**" Except for district voter-approved additions, notices shall include only:

- (i) The election date, hours, ballot title, text, and local election office address and telephone number.
- (ii) For proposed county tax or bonded debt increases, the estimated or actual total of county fiscal year spending for the current year and each of the past four years, and the overall percentage and dollar change.
- (iii) For the first full fiscal year of each proposed county tax increase, county estimates of the maximum dollar amount of each increase and of county fiscal year spending without the increase.
- (iv) For proposed county bonded debt, its principal amount and maximum annual and total repayment cost, and the principal balance of total current county bonded debt and its maximum annual and remaining total repayment cost.
- (v) Two summaries, up to 500 words each, one for and one against the proposal, of written comments filed with the Cook County Clerk by 45 days before the election. No summary shall mention names of persons or private groups, nor any endorsements of or resolutions against the proposal. Petition representatives following these rules shall write this summary for their petition. The county clerk officer shall maintain and accurately summarize all other relevant written comments.

(d) Except by later voter approval, if a tax increase or fiscal year spending exceeds any estimate in (b) (iii) for the same fiscal year, the tax increase is thereafter reduced up to 100% in proportion to the combined dollar excess, and the combined excess revenue refunded in the next fiscal year. County bonded debt shall not issue on terms that could exceed its share of its maximum repayment costs in (b) (iv). Ballot titles for tax or bonded debt increases shall begin, "**SHALL COOK COUNTY TAXES BE INCREASED (first, or if phased in, final, full fiscal year dollar increase) ANNUALLY...?"** or "**SHALL COOK COUNTY DEBT BE INCREASED (principal amount), WITH A REPAYMENT COST OF (maximum total county cost), ...?"**

ARTICLE V. GENERAL PROVISIONS

- (a) This section takes effect immediately upon passage.
- (b) Other limits on county revenue, spending, and debt may be weakened only by future voter approval.

JOURNAL OF PROCEEDINGS FOR MARCH 18, 2008

(c) Subject to judicial review, the county may use any reasonable method for refunds under this section, including temporary tax credits or rate reductions. Refunds need not be proportional when prior payments are impractical to identify or return.

(d) When annual county revenue is less than annual payments on general obligation bonds, pensions, and final court judgments, (4) (a) and (7) shall be suspended to provide for the deficiency.

PROPOSED RESOLUTION

WHEREAS, the Supplementary Relief Order ("SRO") in the Shakman case mandates that the Compliance Administrator ("CA") study existing employment practices, policies and procedures for non-political hiring, promotion, transfer, discipline and discharge; and

WHEREAS, the CA is responsible for observing the hiring process, assisting with the development of a new hiring plan, aiding with the formulation of a new training program to educate and train supervisors and employees on non-political hiring practices, making recommendations to the Court as to how to handle matters involving issues related to Shakman exempt positions, monitoring compliance, adjudicating pre-SRO violations, and filing periodic reports; and

WHEREAS, the data collected by Shakman compliance officer Julia Nowicki reveals evidence of continued irregular hiring practices; and

WHEREAS, the working conditions in many departments are impacted by political considerations, resulting in supervisors being unable or unwilling to discipline politically protected employees; and in employees who do not have a political sponsor being forced to work outside their job title without fair compensation; and

WHEREAS, it is crucial for Cook County to cut the waste from the budget in order to prevent future tax increases, while enhancing the quality of services provided; and

WHEREAS, Compliance Administrator Julia Nowicki has recommended that the following thirteen reforms be adopted in order to bring the County into compliance with the Shakman consent decree:

- 1) The CA recommends that the County utilize its own resources to determine the nature and extent of current unlawful patronage practices occurring in the County at this time.
- 2) The CA recommends that the county designate one employee to be its liaison to the Office of the CA. This person should be dedicated solely to the work required under the SRO. This individual should have access to the President and his staff.
- 3) The CA recommends that the County select a new Human Resources Bureau Chief (“HR Bureau Chief”) who has the experience, education and political autonomy to professionalize the Bureau of Human Resources (“Bureau of HR”) and ensure the County’s compliance with all laws including those prohibiting political discrimination.
- 4) The CA recommends that she be allowed to monitor the selection process of the HR Bureau Chief.
- 5) The CA recommends that the County cooperate with the joint search committee pursuant to ordinance formed by the Chicago Bar Association and Cook County Bar Association to select the Independent Inspector General. The CA also recommends that the County commit to fund fully the Office of the Independent Inspector General on an annual basis.
- 6) The CA recommends that the County cooperate with the CA to create and implement a new plan incorporating the recommendations set forth in the body of this report as follows:
 - a. Include the CA on a committee designated to recruit and select a new HR Bureau Chief; and
 - b. Restructure and standardize Bureau of HR personnel processes and procedures; and
 - c. Conduct training of Bureau of HR staff and hiring department management on specific and critical human resources skills; and
 - d. Establish a separate, independent human resources function for the Bureau of Public Health; and
 - e. Apply hiring plan recommendations to transfers, promotions and reclassifications.
- 7) The CA recommends that the County create a document that sets out Shakman rights and responsibilities to be publicly posted in all departments.

JOURNAL OF PROCEEDINGS FOR MARCH 18, 2008

- 8) The CA recommends that the County create a system for reporting and logging all political contacts regarding all employees.
- 9) The CA recommends that Shakman-exempt individuals be identified on the County website and the CA website by name, department and job title.
- 10) The CA recommends that the County should institute a targeted desk audit. This recommendation is in light of the fact that the previously intended desk audits (as set forth in the “Resolution Requiring and Independent Management Audit of all positions as Grades 17 through 24 including positions exempt under the Federal Court Shakman Consent Decree”) are no longer being undertaken by the County due to lack of funds.
- 11) The CA recommends that the County should hire an HR consultant with a specialty in healthcare to assist in the creation of a new Bureau of Health HR plan.
- 12) The CA recommends that the County create job descriptions for all Shakman-exempt employees.
- 13) The CA recommends that the job descriptions of Shakman-exempt employees should be publicly posted.

NOW, THEREFORE, BE IT RESOLVED, that the President and Board of Commissioners do hereby adopt the recommendations from the Cook County Compliance Administrator and direct the Bureau of Human Resources to immediately begin the process of implementing the proposed changes in order to bring the County into compliance with the Shakman Consent Decree at the soonest possible date.

requesting authorization for the Purchasing Agent to negotiate and enter into a professional service agreement with MedAssets Net Revenue Systems, LLC, ("MedAssets"), Alpharetta, Georgia to provide revenue cycle services to the Cook County Bureau of the Health Services ("Bureau").

On November 6, 2007, the Bureau issued a Request for Proposal for Revenue Cycle Services (RFP). This RFP sought responses from nationally recognized vendors with significant hospital (particularly within the public sector) revenue cycle experience to be a Bureau partner to bring "Best Practices" for the entire set of administrative functions commonly referred to as Revenue Cycle Services at the Bureau and provide a proposal to the Bureau to assess and analyze the Bureau's revenue cycle process' as well as reengineer and implement new process' for the Bureau's revenue cycle operations.

Following extensive review by the Bureau's Evaluation Committee, MedAssets was one of two finalists, due to their depth of experience in performing revenue cycle services and their Best Practice knowledge.

MedAssets would provide revenue cycle services to the Bureau which will include but not be limited to an assessment and analysis of the Bureau's revenue cycle process for inpatient and outpatient services including scheduling, pre-registration, patient access, charging, coding, utilization management, collections, accounts receivable management and remittance processing; provide recommendations to reengineer the process to maximize revenues; conduct training for Bureau personnel; assist Bureau management in the implementation of the reengineered and current revenue processes and identify changes to Bureau processes in order to increase efficiency.

Transmitting a Communication, dated February 11, 2008 from

DAVID R. SMALL, F.A.C.H.E., Chief Operating Officer, Bureau of Health Services

requesting authorization for the Purchasing Agent to enter into a contract with the Respiratory Health Association of Metropolitan Chicago (RHAMC), Chicago, Illinois (previously named the American Lung Association of Metropolitan Chicago) for the Bureau of Health Services' Smoke Free Lung Health Programs. This is a 5-year initiative utilizing Cook County tobacco tax dollars to reduce the harmful impacts of tobacco and asthma on the health of Cook County residents.

Reason: As Chicago's lung health leader since 1906, RHAMC is a natural partner for this project. RHAMC has been a leader in delivering tobacco cessation services to the Chicago community and in training individuals to deliver tobacco cessation. RHAMC participates in or leads numerous local asthma initiatives in Cook County, including: *Addressing Asthma in Englewood*; *Controlling Pediatric Asthma through Collaboration and Education*; and the *Stakeholders Collaboration to Improve Student Health*.

In Cook County, 690,000 adults smoke cigarettes, with increased smoking rates in the lowest socio-economic neighborhoods. Research shows that cessation programs in hospitals, health centers, and other community settings effectively reduce morbidity and mortality from smoking. These programs are cost-effective because they reduce the burden of tobacco-related illness upon the community and the County.

The rates of asthma and hospitalizations due to asthma in Cook County and Illinois are nearly double national rates, especially among African-American and Puerto Rican communities. National and local studies have shown improved childhood asthma outcomes can be achieved through education delivered by health care organizations and trained community health educators.

Transmitting a Communication from

DAVID R. SMALL, F.A.C.H.E., Chief Operating Officer, Bureau of Health Services

requesting authorization for the Purchasing Agent to enter into contracts with the following vendors for physical, occupational and speech therapy services. After evaluating their Request for Proposal (RFP), it was determined, that each vendor met all of the requirements set forth in the RFP and the Minority and Women Owned Business Enterprises. Due to continuing shortages in rehabilitative services, it is necessary to contract with multiple commercial agencies in order to meet the volume and diversity of therapy needs within the Bureau of Health Services.

Reason: Physical Therapy, Occupational and Speech Therapy positions are very difficult to fill due to an overall market shortage of these professionals. In addition to the rising shortage of therapists in these professions, there has been a dramatic increase in salaries over the past several years, with which the County has not kept pace. In a very competitive market, our salaries are not competitive for new graduates and much less so for experienced positions. As a result we have had to decreased outpatient services or increase use of contracted therapy staff. To maintain a high level of patient services, we are recommending the award to the following vendors.

Mallick, M.D., Chicago, Illinois, for urology services for the four (4) Bureau of Health Services hospitals: Cermak Health Services of Cook County, Oak Forest Hospital of Cook County, Provident Hospital of Cook County and Stroger Hospital of Cook County.

Reason: A Request for Qualifications was issued and Khursheed A. Mallick, M.D. has met all the requirements set forth in the RFQ. This service would be typically provided at a cost of \$350,000.00 per year. Entering into a contract with Dr. Mallick in the amount of \$185,000.00 for a one year period will provide a cost savings to the County of \$165,000.00.

Estimated Fiscal Impact: \$185,000.00. Contract period: March 18, 2008 through March 17, 2009. (898-260 Account). Requisition No. 88980012.

CONTRACT ADDENDA

Transmitting a Communication from

DAVID R. SMALL, F.A.C.H.E., Chief Operating Officer, Bureau of Health Services

requesting authorization for the Purchasing Agent to amend and extend by two (2) months, Contract No. 06-72-31 Rebid with Lifesource, Chicago, Illinois, for the purchase of blood, blood products and testing services for Oak Forest Hospital of Cook County, Provident Hospital of Cook County and Stroger Hospital of Cook County.

Reason: This request is necessary to allow sufficient time for the award and implementation of the new consolidated bureau-wide contract for which bids were opened on March 5, 2008. Approximately \$650,000.00 remains on this contract for Oak Forest of Cook County, \$710,000.00 remains on this contract for Provident Hospital of Cook County and \$1,195,450.00 remains on this contract for Stroger Hospital of Cook County. The amendment is due to a price increase of the aggregate over the original pricing reflected in the bid. The expiration date of the current contract is March 31, 2008.

Estimated Fiscal Impact: None. Contract extension: April 1, 2008 through May 31, 2008.

Commissioner Butler, seconded by Commissioner Moreno, moved that the County Purchasing Agent be authorized to amend and extend the requested contract. **The motion carried unanimously.**

requesting authorization for the Purchasing Agent to increase by \$50,000.00 and extend for two (2) months, Contact No. 06-54-423 Rebid with Language Line Services, Inc., Monterey, California, for telephonic interpreting services for Oak Forest Hospital of Cook County and Stroger Hospital of Cook County.

Board approved amount 03-01-07:	\$107,100.00
Increase requested:	<u>50,000.00</u>
Adjusted amount:	\$157,100.00

Reason: The extension is necessary because there was only one (1) bid response to the original bid opening date of February 7, 2008. The increase for Stroger Hospital of Cook County is necessary due to unanticipated vacated positions and family medical leave. This request will allow sufficient time for the rebid, award and implementation of the new consolidated bureau-wide contract for which bids are scheduled to be opened on March 20, 2008. Approximately \$10,000.00 remains on this contract for Oak Forest Hospital of Cook County. The expiration date of the current contract is March 19, 2008.

Estimated Fiscal Impact: \$50,000.00. Contract extension: March 20, 2008 through May 19, 2008. (897-268 Account).

Approval of this item would commit Fiscal Year 2008 funds.

DAVID R. SMALL, F.A.C.H.E., Chief Operating Officer, Bureau of Health Services

requesting authorization for the Purchasing Agent to amend, increase by \$350,000.00 and extend for twelve (12) months, Contract No. 07-45-307 with Health Management Associates (HMA), Chicago, Illinois, for consulting services and strategic counsel to the Bureau of Health Services (BHS).

Board approved amount 03-20-07:	\$275,000.00
Increase requested:	<u>350,000.00</u>
Adjusted amount:	\$625,000.00

JOURNAL OF PROCEEDINGS FOR MARCH 18, 2008

Reason: The amendment and justification for the increase is to expand the scope of services with Health Management Associates (HMA), a highly skilled firm to provide, under the direction of the BHS, expert analytical and research services to develop long-term government financing models for patient care rendered by the Bureau, as well as necessary resource support in the preparation of required Medicare and Medicaid cost reporting.

While this current contract is due to expire on April 8, 2008, the Bureau of Health, with HMA's necessary and vital assistance, has continued the work of developing financial models for State and Federal funding. These models are critical with the expiration of the State Medicaid Plan on June 30, 2008. The Bureau has asked HMA (and they have responded) that they work with us in doing the necessary and complex cost and revenue analysis that would allow the Bureau to successfully negotiate with the State and Federal government on funding valued at several hundred million dollars per year. This work continues at this time and is subject to timing matters that are outside control of the County and the Bureau, i.e. completion of initial negotiations with the State, the development by the State, and Illinois Hospital Association of a new State Medicaid Plan, and the successful negotiations between the State and Federal government of the submitted plan. The County's interests are being kept in front of the State, with HMA's help.

Estimated Fiscal Impact: \$350,000.00. Contract extension: April 3rd, 2008 through April 2nd, 2009. (899-260 Account).

Approval of this item would commit Fiscal Year 2008 funds.

Vendor has met the Minority and Women Business Enterprise Ordinance.

Commissioner Butler, seconded by Commissioner Moreno, moved that the request of the Chief Operating Officer of the Bureau of Health Services be approved, as amended and that the County Purchasing Agent be authorized to amend, increase and extend the requested contract. **The motion carried.**

LETTER

ANTHONY J. PERAICA, County Commissioner

Re: Cook County Board Agenda Item #3 on the New Items Agenda for March 18, 2008

Dear Mr. Hylton and Mr. Coughlin:

Pursuant to our conversation today, March 17, 2008, the following questions pertain to Agenda Item #3 on the New Items Agenda for March 18, 2008:

- 1) Prior to 2008, the County Board approved over \$66 million in Urban Area Security Initiative Grants (UASI). Please provide a

JOURNAL OF PROCEEDINGS FOR MARCH 18, 2008

detailed schedule of how these funds were used and identify the phases of the project.

- 2) What is the reason for many funding extensions in Project Shield?

UASI 2003 to expire in 4/05 extended to 6/06
UASI 2004 to expire in 11/05 extended to 5/07
UASI 2005 to expire in 12/06 extended to 3/08
UASI 2006 to expire in 3/08 extended to 3/09

- 3) What is the status of the Phase 2 vehicles since the equipment specifications are the same for Phase 3?
- 4) Why have certain municipalities removed their Phase 2 equipment?
- 5) Is it correct that Phase 2 vehicles are not able to practically offload video?
- 6) Is it true that it takes a couple of days for a technician to manually offload video in Phase 2?
- 7) Is it true that since they can't offload video the cameras are not able to connect to the network consistently?
- 8) Is it true that the Phase 2 vehicles aren't able to connect to the network consistently?
- 9) Is it true that the approximately 24 County sheriffs' vehicles are nonfunctional?
- 10) What is the status of the Phase 1 vehicles and what would it cost to retrofit them as suggested in Phase 3 RFP?
- 11) What is the technical difference between the Phase 1 and Phase 2 vehicles?
- 12) Are the Phase 1 vehicles functional?
- 13) Was Phase 2 awarded without an RFP? If there is a document, please provide it. Who was responsible for the selection of Phase 2 vendors and the Phase 2 platform?
- 14) What was your involvement in the development of the Phase 3 RFP and how familiar are you with the other phases of the project?
- 15) Identify all County personnel involved in Project Shield and their responsibilities?

JOURNAL OF PROCEEDINGS FOR MARCH 18, 2008

- 16) Why would the Phase 3 RFP require vendors to buy hardware/equipment from a company (Western DataCom) that didn't work in Phase 2?
- 17) Why hasn't the County told IBM to return the Phase 2 equipment under the warranty provision since it is nonfunctional?
- 18) Of the proposed 80 vehicles in Phase 3, who will be responsible for providing the mobility platform?
- 19) Is it true that the Phase 3 RFP could and will most likely be awarded to a vendor that does not have a working software platform and according to the RFP the "software design should be completed within 30 days of contract execution unless otherwise agreed to by County and considerable progress is shown".
- 20) What criteria do you use to determine who is qualified vendor?
- 21) Are the vendors/subcontractors selected by the Project Manager (IBM Phase 1 and 2) or are they told and/or mandated by County employees on who to hire and what to pay them?
- 22) The grant provided for 2 vehicles per 128 municipalities for a total of 256 vehicles? Why in Phase 2 are there approximately 24 County sheriff's cars and 6 or 7 County health vehicles when that was outside the specifications of the grant?
- 23) Is it safe to assume this happened because County employees were tempting to hide the fact that the Phase 2 system was nonfunctional?
- 24) How specifically will the funds for Phase 3 be allocated WITHIN the 3 parts of the RFP:
 - (1) Mobile video and data network
 - (2) CC command center software contract; and
 - (3) Quality control.

Please identify by vendor or if a vendor has not been determined for a specific work description within a category show that allocation by work description.

In accordance with Cook County Code Section 2-108(z)(1) Amendment or suspension of rules, Commissioner Silvestri, seconded by Commissioner Daley, moved to suspend Section 2-108(h)(1) Prior notice to public; agendas. **The motion carried unanimously.**

Commissioner Murphy, seconded by Commissioner Steele, moved that the request of the Chief Information Officer of the Bureau of Technology be approved, as amended and that the County Purchasing Agent be authorized to enter into the requested contract. **The motion carried.**

Commissioner Peraica voted "no".

JOURNAL OF PROCEEDINGS FOR MARCH 18, 2008
